

# Shen-Ion® Powder

Dr. Jes T.Y. Lim

For more vital energy in buildings  
For more harmony and well-feeling

Shen-Ion® Powder is a Vital Energi® product that can be mixed into wall paint and plaster. The soft Shen-Ion® HarmonoNIK frequencies fill the rooms with fresh vital energy and contribute to greater well-feeling.

Application and recommended dosage:

1.5 - 3% (eg 300 g Shen-Ion® Powder for 15 l paint)

Premixing and mixing:

Mix 300 g Shen-Ion® powder in a small container with approximately 300 ml of water. Then stir into 15 l of water-based wall paint.

Recommendation: Prior to usage please check material compatibility in a small test area with the mixture of Shen-Ion Powder® and wall paint.

All information is based on experience. A legally-binding universal validity cannot be derived.

Production: Vital Energi Technologies GmbH

Contents: crystals, quartz, minerals.

Pure natural product. Free of chemical additives **300 g**
